# GRAD- UATION

## CALL FOR ENTRIES

### THE ROOST GRADUATION + ALMANAC

So much has changed at the Roost over the years. We've seen fresh-faced members grow into confident and independent creatives, we've moved shop five times, held ten exhibitions and gotten Will Smith kicked out of KFC.

After a five-year tenure the Roost itself has graduated from the Renew Newcastle project.

As with all graduations, we're planning one hell of a party with plenty of reminiscing as well as a curated exhibition and special keepsake yearbook, created by us, for us (*and by us, we mean you!*)

We invite you and all past and current members to create work inspired by, your time at The Roost, working under the theme of "**ROOST MEMORIES**", or share with us your photos, stories, memories and best works created while here. You are welcome to be creative with your submission. Keep it sweet and keep it brief.

The result will be the launch of a curated, bespoke-printed almanac paying tribute to the Roost from 2010 - 2015 and one-night-only exhibition and graduation party. A limited run of yearbook copies will be produced and available for purchase.

In conjunction, we will also be exhibiting selected works at our graduation party and welcome digital media submissions for this element.

So join us in spirit or in real life as we pay tribute to the stuff that we've learnt, the people we've met, the art we've made and the good times we've had.
